# MEDSPA SERVICES MARKET OVERVIEW

#### **MARKET OVERVIEW**

# MedSpa Services Market Overview

#### **Key MedSpa Industry Trends**

The MedSpa industry is dominated by single-owned, small-sized, and singlelocation medical spa facilities with the latest technology providing an opportunity for market consolidation

The MedSpa industry will continue to consolidate as operators continue to benefit from increased operational efficiencies such as experienced management teams and resources to invest in clinic development

Increased awareness and adoption of medspa services has resulted in **71%** of consumers willing to see an aesthetic dermatology professional

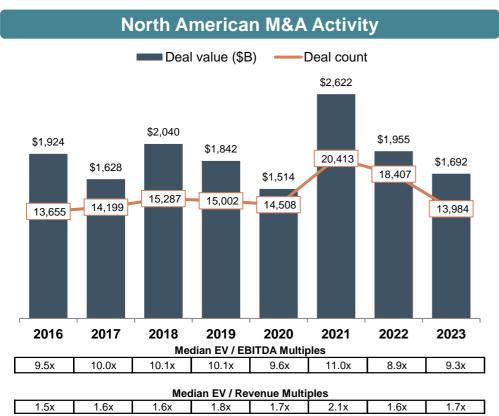

Consumer shift toward body-positivity and self-care corresponds with **64%** of consumers stating they feel more confident when looking fit and healthy

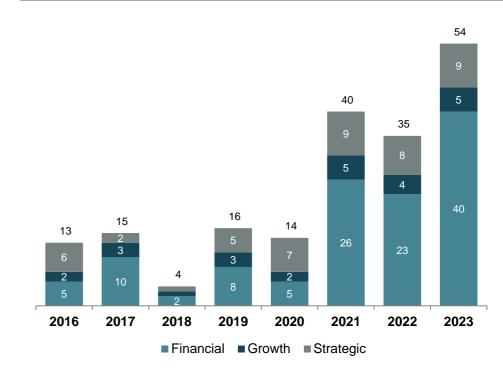

There is an increase in consumer spending on aesthetics and medical services as consumers seek to improve their personal health and wellness (M)

# **Strong Market Tailwinds for MedSpa Services**

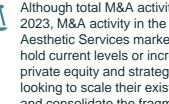

MedSpa and Aesthetic Services M&A Activity

Private equity and strategic investors alike are gearing up for increased transactions in 2024 due to record dry powder available to private equity firms and increasing interest in MedSpa and **Aesthetics Services** 

#### **Trends and Dynamics**

Although total M&A activity was down in 2023, M&A activity in the MedSpa and Aesthetic Services market is expected to hold current levels or increase, as private equity and strategic investors are looking to scale their existing platforms and consolidate the fragmented MedSpa market

Median EV/EBITDA and EV/Revenue multiples increased ~5% YoY compared to 2022, with expected increases in 2024. The MedSpa Services market is expecting higher multiples compared to other industries in 2024 given the heightened investor sentiment and cashflow dynamics of the subsector

()

# **MedSpa Services Trends Driving Adoption**

#### **Increasing Awareness and Adoption of Aesthetics Services**

Consumers are becoming increasingly aware of the value of wellness, health, and beauty. Social media has stimulated consumer demand for aesthetic services. 44% of Gen Z say they learned about cosmetic procedures from social media

#### **Consumers Increasingly Willing to Spend on Aesthetics**

Recent studies show that despite inflationary pressures and economic stress, 66% of consumers have maintained their spending on aesthetics. 88% of consumers plan to have the same number, or more, treatments in 2023 relative to 2022

#### **Expanding Customer Base and Addressable Market**

The aesthetics market continues to grow for females and older adults. However, social media and growing social acceptance has driven rapid increases in the market for young adults and males who are expected to double their demand for injectables by 2028

#### **Technological Advancements**

New technologies continue to expand the prospective menu of safe and more affordable, non-invasive aesthetic treatments, drawing in new consumers and enticing current customers to get more frequent treatment

# **Core MedSpa Services Overview**

Service Type Provider Type		Brands Used	Recurrence	Description
Neuromodulators		Botox Dysport Xeomin	~3-6 months	<ul> <li>Neuromodulators treat forehead lines, crow's feet, and frown lines</li> <li>Treatment lasts 3 months or longer before repeat injection occurs</li> <li>Injections of neuromodulators result in medical applications such as reduced sweating and prevention of migraines</li> </ul>
Body Contouring		CoolSculpting	As Needed	<ul> <li>Body contouring is a non-surgical treatment focused on fat cell reduction in specific parts of the body</li> <li>This service involves 2-3 visits to fully remove the fat cells from the treatment area with patients paying upfront for services</li> </ul>
